

Haviland is helping Bantle's Banners and Signs Happy Feet for the Homeless Campaign!

It's that time of year again everyone! We're bringing back our Happy Feet for the Homeless campaign.

Did you know that socks are the most needed article of clothing but the least donated item to homeless shelters? This winter season will be as cold as ever and we wish to give our homeless neighbors the decency of having socks to keep their feet warm from the freezing chills of winter.

We realize that this is the harsh reality that dozens of people face in the Philadelphia/South Jersey region. Let us all come together to ensure that the homeless in our region are taken care of properly.

Please note that we will be **only collecting adult-sized, new/unused** pairs of socks. The main recipient of the donations will be Joseph's House in Camden, NJ although other homeless shelters may also be targeted.

We will be collecting socks at school until **Friday, December 14th**..

It's our turn to give back to society during this holiday season. Are you with us?
